

EmpowerED: Unleashing Success and Faith at MUBAS – Let's Build

We are overjoyed to report on the accomplishments of the Study With Success seminar that took place at the Malawi University of Business and Applied Science (MUBAS), on 10th February 2024. The event, which marked the debut of our Students Movement at MUBAS, attracted 30 energetic participants eager to equip themselves with crucial skills for managing university life.

Not only did our conference help students feel more connected to one another, but four people made the decision to accept Jesus Christ as their Lord and Savior. The Lord is changing lives. We praise the Lord and grateful to be there to witness these life-changing events. This program exemplifies our shared objective of supporting students' spiritual development and aiding them in their academic pursuits.

With the launch of our student-led movement at MUBAS, we will seamlessly expand the reach of our ministry activity among the campus community.

The addition of MUBAS means that we are now operating in a total of 7 campuses; Domasi College of Education, Lilongwe University of Agriculture and Natural Resources (Bunda and City campus), Malawi Assemblies of God University (MAGU), Lake Malawi University (LMAU), and Emmanuel University. This event would not have been successful without the support of our ministry partners and all the others who contributed. Together, we are positively impacting the lives of students at MUBAS!

“I loved the things I was taught and I can’t wait to start applying them in my day-to-day life,” Nikoto Lomeo, one of the students who attended the seminar said.
