LeaderImpact NEXT:

A Pathway to Spiritual, Personal and Professional Growth

LeaderImpact NEXT is a gathering of early-career leaders who inspire each other to grow personally, professionally, and spiritually, to impact the world. This month, we are excited to share a story of impact, upcoming events, and valuable resources designed to equip you for success.

Leader making an Impact:

I am Shameem Chidothi, I have been a dedicated member of LeaderImpact NEXT since 2023. When I was a final-year student in college, I was invited to one of the events. LeaderImpact NEXT has helped me transition into the workplace effortlessly. I have been able to network with people who are beginning their careers as well as more seasoned mentors. Through leaderImpact NEXT, I have learned more about my career as a calling from God in which I can serve others. I would encourage every young professional to join a LeaderImpact NEXT group so they can grow in their career.

"At LeaderImpact I am not just a girl I am an irrigation expert and a leader "
